

SEGOVIA FROM THE SKY: THE HOT AIR BALLOON EXPERIENCE

The Experience

Your adventure begins at dawn, the most magical time of day. You will witness the fascinating ritual of inflating the balloon before gently lifting off into the serene Segovian sky.

For one hour, you will float over iconic landmarks such as the Roman Aqueduct, the massive Gothic Cathedral, and the majestic Alcázar, all while the Sierra de Guadarrama mountains provide a stunning backdrop.

It is an unforgettable journey that combines the peace of flight with the grandeur of Spanish history.
